Applicants Remarks/Special Conditions: _____

This application, if approved, is for concept (preliminary) approval ONLY. Final approval will be based on plans submitted to and reviewed by the Cleves Water Works. Plans must conform to current engineering practices, policies, ordinances, rules regulations and specifications of the Cleves Water Works at the time the proposed water mains are installed.

This application will not be processed for approval by the Cleves Water Works unless all requested information on this form has been filled out COMPLETELY and CORRECTLY. The applicant must furnish with this application one (1) set of overall water main concept plans for the above-described proposed development.

Please indicate on the water main concept plans the size and limits of any proposed water mains in dedicated right-of-ways and/or easements. The developer/ engineer must allow a minimum of 4-6 weeks processing time for the county and/or other appropriate agencies and the Cleves Water Works to investigate and process this application.

_____ APPROVED _____ DISAPPROVED

Approval is limited to concurrence with area and general compliance with the Village / County contract provisions only.
